In comparison to this genuine genocide—which is not only officially unacknowledged, but for which no atonement has been made or indeed ever could be made—the claimed “holocaust” (actually mass incarceration) of Jews pales into insignificance. Yet no collective recompense for German hardship has ever been ventured.

Today, sixty years later and observing the precipitous decline of a typical multiracial and multicultural society, I am forced to conclude that it was exactly the racial and cultural unity of the Third Reich which enabled its people to survive the monstrous assault of their enemies and to arise again from the ashes of their nation. The present effort to destroy by all means this unity through the planned influx of millions of the unwashed garbage of the Third World and systematic destruction of all traditions in the mind of the present generation shows that Germany’s eternal enemies fully agree with me on this point. That this destruction proceeds under the direction of a Jewish dictator (Ignaz Bubis, head of the thirty to forty thousand strong Jewish community among eighty million Germans), who rules Germany solely through the strength of American bayonets, bodes ill for the future of that nation, if he should succeed in his nefarious plans. It is high time that Americans realize that they have been reduced to the unbecoming status of executioners for the all-powerful state of Israel.” (Heinz Weichardt, Under Two Flags, op. Cit.)

165

This movement among the Jews is not new. From the days of Spartacus-

Weishaupt to those of Karl Marx, and down to Trotsky (Russia), Bela Kun (Hungary), Rosa Luxemburg (Germany), and Emma Goldman (United States), this worldwide conspiracy for the overthrow of civilization and for the reconstitution of society on the basis of arrested development, of envious malevolence, and impossible equality, has been steadily growing. It has been the mainspring of every subversive movement during the 19th century; and now at last this band of extraordinary personalities from the underworld of the great cities of Europe and America have gripped the Russian people by the hair of their heads and have become practically the undisputed masters of that enormous empire. ("Zionism versus Bolshevism," the Illustrated Sunday Herald, February 1920)

166

Henceforth no Jew, no matter under what name, will be allowed to remain here without my written permission. I know of no other troublesome pest within the state than this race, which impoverished the people by their fraud, usury and moneylending and commits all deeds which an honorable man despises. Subsequently they have to be removed and excluded from here as much as possible. (Maria Theresa of Austria, decree, 1777)

181

For the first time in its history, Western Civilization is in danger of being destroyed internally by a corrupt, criminal ruling cabal which is centred around the Rockefeller interests, which include elements from the Morgan, Brown, Rothschild, Du Pont, Harriman, Kuhn-Loeb, and other groupings as well. This junta took control of the political, financial, and cultural life of America in the first two decades of the 20th century. (Tragedy and Hope: A History of the World in Our Time, Macmillan/Collier-Macmillan, New York/London 1966, by Carroll Quigley, Professor of International Relations, Georgetown University Foreign Service School, Washington, D.C., member of the Council on Foreign Relations [CFR], mentor to Bill Clinton)

182

If one understands that socialism is not a share-the-wealth program, but is in reality a method to consolidate and control the wealth, then the seeming paradox of super-rich men promoting socialism becomes no paradox at all. Instead, it becomes logical, even the perfect tool for power-seeking megalomaniacs. Communism or more accurately, socialism, is not a movement of the downtrodden masses, but of the economic elite. (Gary Allen, None Dare Call It Conspiracy, Concord Press, Rossmoor, Calif., 1971; Francis Wheen, Karl Marx, op. Cit.)

186

The Protocols is the plan by which a handful of Jews, who compose the Sanhedrin, aim to rule the world by first destroying Christian civilisation... Not only are the Protocols genuine, in my opinion, but they have been almost entirely fulfilled. (Henry Klein, Jewish American Attorney, publisher and reporter, apparently committed suicide in 1955)

187

Thus emerged our present-day European dystopia. Following on Coudenhove-Kalergi's vision of "the Eurasian-Negroid race of the future" (1925), Hitler, in an open letter to Graf Soden-Fraunhofen

printed in the Völkischer Beobachter of November 8, 1929, predicted that “They want to transform our people economically and spiritually into white negroes. That is the goal of the Jewish race which rules over Germany today.” (Cited in Werner Bräuninger, Hitlers Kontrahenten in der NSDAP, Herbig, Munich 2004, p. 106)

Wikistrat:

The ultimate goal is “the synchronization of all nations on Earth,” as we learn on page 70. That will be achieved by a mingling of races with the goal of a “light brown race” in Europe (page 66). To this end, Europe will receive 1.5 million immigrants annually from the Third World (page 43). The result will be a population with an average IQ of 90, too stupid to comprehend, but smart enough to work. European nations would never again appear as competitors, a thousand-year-old culture would be destroyed. For all who oppose this goal, the globalizers have a simple solution: “Kill them”; that is what one learns again and again, for instance on page 51, page 67, or page 111. (Richard Melisch quotes “security analyst” Thomas Barnett in *Der letzte Akt: Die Kriegserklärung der Globalisierer an alle Völker der Welt* (The Final Act: The Declaration of War of the Globalizers), Hohenrain, Tübingen 2007; translated from the German)

191

By all these means we shall so wear down the Goyim that they will be compelled to offer us international power of a nature that by its position will enable us without any violence gradually to absorb all the State forces of the world and to form a Super-Government. In place of the rulers of today we shall set up a bogey which will be called the Super-Government Administration. Its hands will reach out in all directions like nippers, and its organisation will be of such colossal dimensions that it cannot fail to subdue all the nations of the world. (L. Fry, *Waters Flowing Eastward*, 4th ed., Britons Pub. Society, London 1953, p. 127, allegedly forged Protocols, No. 5)

213

[T]he appalling thing in the French Revolution is not the tumult but the design. Through all the fire and smoke we perceive the evidence of calculating organization. The managers remain studiously concealed and masked; but there is no doubt about their presence from the first. (Lord Acton, *Lectures on the French Revolution*, Macmillan, London 1910, p. 97.)

223

We are one people despite the ostensible rifts, cracks and differences between the American and Soviet democracies. We are one people, and it is not in our interests that the West should liberate the East, for in doing this and in liberating the enslaved nations, the West would inevitably deprive Jewry of the Eastern half of its world power. (Chaim Weizmann, quoted in Louis Marschalko, *World Conquerors*, Joseph Sueli, London 1958, p. 227) This may also explain why the U.S. Army under Patton was prevented from rolling back the Soviet army in 1945, after Germany had been defeated.

229

There is scarcely an event in modern history that cannot be traced to the Jews. Take the Great War [World War I]... the Jews have made this war!...

We [Jews] who have posed as the saviours of the world... we Jews, today, are nothing else but the world's seducers, its destroyers, its incendiaries, its executioners... We have finally succeeded in landing you into a new hell. (Jewish writer Oscar Levy, preface to: George Pitt-Rivers, *The World Significance of the Russian Revolution*, B. Blackwell, Oxford 1920; Henry Ford, *The International Jew*, Vol. III, Dearborn Pub. Co., Dearborn, Mich., 1920, pp. 184-187)

255

The Jewish people as a whole will become its own Messiah. It will attain world dominion by the dissolution of other races, by the abolition of frontiers, the annihilation of monarchy... and by the establishment of a world republic in which the Jews will everywhere exercise the privilege of citizenship. In this new organization of humanity [New World Order—Author] the “children of Israel” will furnish all the leaders without encountering opposition... The Governments of the different peoples forming the world republic will fall without difficulty into the hands of the Jews... It will then be possible for the Jewish rulers to abolish private property and everywhere to make use of the resources of the state. Thus will the promise of the Talmud be fulfilled, in which is said that when the Messianic time is come, the Jews will have all the property of the whole world in their hands. (Baruch Lévy in a letter to Karl Marx, quoted by Salluste, “Henri Heine et Karl Marx: Les origines secrètes du bolchevisme,” *La Revue de Paris*, June 1, 1928, pp. 567-589, here p. 574)

276

Presently, German authorities claim the right to prosecute anyone anywhere for expressing dissident views on “the Holocaust” that can be accessed online in Germany, even when such expressions of opinion are entirely legal in the country where they are posted, and regardless of the language in which they are written.

280

Why should laws against “thought-crime” exist?

The advantages of such laws are considerable. Instead of requiring concrete evidence to prosecute a violation of customary law, “anti-racism” statutes allow a judicature compliant to Jewish pressure to concoct an infinite variety of allegations and interpretations, and to level trumped-up charges at anyone who has voiced a politically incorrect opinion.

It is difficult to understand how professional legislators could pass such inexact concepts into law. These decrees make a mockery of the courts and the judicial process, of evidential burden, and the standard of proof. In imitation of the International Military Tribunal at Nuremberg, they disregard exculpatory, demonstrative and scientific evidence.

281

In Germany, evidence introduced by a defense attorney is not only rejected in favor of the abstract ideas of “public incitement” and “prejudice,” it may be used to prosecute him, too. Naturally, this threat reduces the number of lawyers willing to defend such cases. Where cowardice and self-interest rule the courts, justice suffers. Under the confused and hazy notion of “hate crime,” biased judges interpret the law according to the will of their political masters. A judge expressed himself very frankly to attorney Dr. Göbel, an expert in “gas-chamber trials”: “Surely you do not think your expert witness will be ad-

mitted. Surely you know that this court has a political mission. Our mission demands that without exception those who express doubt about certain aspects of Third Reich history must be brought to trial and convicted. You will never be allowed to present your evidence.” (Dr. K. Göbel about his experience with a judge at the Amtsgericht (County Court) Munich, August 22, 1992; quoted in: Germar Rudolf, “Discovering Absurdistan,” *The Revisionist*, Vol. 1, No. 2 (2003), pp. 203-219, here p. 214)

The Jewish nation dares to display an irreconcilable hatred toward all nations, and revolts against all masters; always superstitious, always greedy for the well-being enjoyed by others, always barbarous—cringing in misfortune and insolent in prosperity. (Voltaire, *Essai sur l’histoire générale, et sur les mœurs et l’esprit des nations*, Amsterdam 1757)

July 2012—Sweden. The situation in Sweden is far worse than in Denmark. In Sweden NOBODY talks about immigration problems, the death of the multiculti project or the islamisation/arabisation of Europe. If you do, you will immediately be called a racist, an Islamophobe or a Nazi... In this New Sweden we have more reported rapes than in any other country in the European Union, according to a study by Professor Liz Kelly from England. More than 5,000 rapes or attempted rapes were reported in 2008 (last year it was more than 6,000). In 2010 another study reported that just one country in the world has more rapes than Sweden, and that is Lesotho in South Africa. For every 100,000 inhabitants, Lesotho has 92 reported rapes, Sweden has 53, The United States 29, Norway 20 and Denmark 7... In 1990 the authorities counted three exclusion areas in Sweden, suburbs where mostly immigrants live, where very few have a job to go to, almost all of them live by welfare and the children don’t pass their exams. In 2002 they counted 128 exclusion areas. In 2006 we had 156, and then they stopped counting. In some cities, like Malmö, where I live, a third of all inhabitants live in an exclusion area.” (Ingrid Carlqvist, “I Want My Country Back,” speech)

October, 2014—Australia. In the matter of mass immigration, Australia is still the exception. The Australian government, having recovered partially from the farcical Gillard era and her Labour successor, has started a 16 million Euro campaign against immigration. “No Way, You will not make Australia home,” state placards in 17 languages. However, this is probably just a populist campaign, as Australia is about as independent as that other British Commonwealth member, Canada. Whereas individual peoples in the EU bloc might back a similar campaign, now that their primacy is threatened by ever-greater numbers of refugees, the EU membership of their governments denies them this freedom of decision.

November, 2014—The UK. In the UK, the Office of Standards in Education was accused of ‘political correctness’ after downgrading a top rural primary school for effectively being too English. The education watchdog faced a backlash from MPs and parents following the decision to penalize Middle Rasen Primary in Lincolnshire for not having enough black or Asian pupils. In a report, inspectors said the school was ‘not yet outstanding’ because pupils’ cultural development was limited by a ‘lack of first-hand experience of the diverse makeup of modern British society.’ The move followed a shake-up of Ofsted inspections introduced in the wake of the ‘Trojan Horse’ plot in Birmingham to impose hardline Muslim values in state schools... Last month, it was claimed that a small Christian school in the Home Counties had been penalized after failing to invite other faith leaders,

such as imams, in to lead assemblies... The community primary school, which is based in the picturesque rural town of Market Rasen, has just 104 pupils aged four to 11.” (Daily Telegraph, November 19, 2014)

It would be redundant and futile to try to explain that the UK will for a predicted 35 years more (Daily Mail, May 5, 2014) be a predominantly white, Anglo-Saxon, English-speaking, Protestant nation. If, indeed, as appears to be the case in Birmingham, public schools have been hijacked by Muslims, it is up to the government to provide an alternative for native British communities. The answer might be to sell these schools to the local Muslim population and to acquire a completely new building elsewhere, in which to teach the traditional British curriculum. Otherwise the authorities could rightly be accused of misusing public funds (once again) and of neglecting their home market.

However, that solution assumes that the authorities feel any obligation towards their home market. But the authorities are, in any case, not the solution, they are the problem. They promote mass immigration, integration and assimilation of unsuitable asylum seekers from countries thousands of miles away. The rescued migrants arriving from North Africa do not necessarily originate there. Those whose lives have allegedly been endangered in their home states and who have trekked to the Mediterranean shore, risk them again to penetrate Western Europe. If a Yemeni's life is threatened, he might logically flee next door to Oman or Saudi Arabia. If a Nigerian's life is threatened, he might logically go to Cameroon, Benin or Chad. If a Syrian's life is threatened, he might logically flee next door to Turkey. If he is prepared to travel over 6,000 kilometers, he is not fleeing for his life but moving

for his livelihood. He and his like are all economic refugees; migrants Western Europe does not need and cannot support. Why then are they being admitted by Western European governments? Because these marionette regimes are pledged to admit them, as part of their assignment to dilute native populations.

The marionette regimes of Western Europe have been acculturating their indigenous populations to accept this invasion for decades. Take screen entertainment, for instance. For a very long time already, screen entertainment has insidiously, remorselessly introduced mixed casts into its programmes. To be successful a fiction must induce its audience to suspend its disbelief. That requires the fiction to reflect real life accurately. Now, this rule has been abandoned in order to permit mixed casts in all programmes, in roles which do not reflect society as the audience knows it. No matter, partly because these actors have become familiar in their unlikely roles, their equivalents will doubtless shortly assume their parts in real life. When this metamorphosis began, its absurd contentions reduced the credibility of any fiction; now, through massive demographic pressure, they are at least numerically possible.

321

Both Churchill and Roosevelt, by provenance, were Jewish (Churchill through his mother Jenny Jerome; Roosevelt's ancestors were Rosenfeld and Delano). “It being true that the Delanos are well-known Jews from the Netherlands, President Roosevelt is, from the standpoint of Jewish Heredity Law, as good a Jew as Bernard M. Baruch.” (Dr. von Leers, Letter of May 14, 1939)

326

Thanks to the terrible power of the international bankers, we have plunged the Christians into innumerable wars. Wars have a special value for Jews, as Christians kill each other and thus make place for Jews. Wars are the harvest of Jews, Jewish bankers earn well from the Christian wars. Over 100 million of them were removed from the planet through wars, and the end is not in sight. (Rabbi Reichhorn—that inconvenient rabbi again—at the burial of the Grand Rabbi Simeon Benludah, Prague, 1869)

337

Ten years later, in 1963, this directive was made clear in Congress by Congressman Albert Herlong Jr. of Florida, who cited the following long-term Communist goals (among others):

23. Control art critics and directors of art museums. “Our plan is to promote ugliness, repulsive, meaningless art.”

351

We will establish ourselves in Palestine whether you like it or not... You can hasten our arrival or you can equally retard it. It is however better for you to help us so as to avoid our constructive powers being turned into a destructive power which will overthrow the world. (Chaim Weizmann, Published in Jüdische Rundschau, No. 4, 1920)

353

You must understand, the leading Bolsheviks who took over Russia were not Russians. They hated Russians. They hated Christians. Driven by ethnic hatred they tortured and slaughtered millions of Russians without a shred of human remorse. More of my countrymen suffered horrific crimes at their bloodstained hands than any people or nation ever suffered in the entirety of human history. It cannot be overstated. Bolshevism committed the greatest human slaughter of all time. The fact that most of the world is ignorant and uncaring about this enormous crime is proof that the global media is in the hands of its perpetrators. (Aleksandr Solzhenitsyn, 200 Jahre zusammen, op. cit.)

354

While the Zionists try to make the rest of the World believe that the national consciousness of the Jew finds its satisfaction in the creation of a Palestinian state, the Jews again slyly dupe the dumb Goyim. It doesn't even enter their heads to build up a Jewish state in Palestine for the purpose of living there; all they want is a central organization for their international world swindle, endowed with its own sovereign rights and removed from the intervention of other states: a haven for convicted scoundrels and a university for budding crooks. It is a sign of their rising confidence and sense of security that at a time when one section is still playing the German, Frenchman, or Englishman, the other with open effrontery comes out as the Jewish race. How close they see approaching victory can be seen by the abominable manner with which they treat the members of other peoples. (Adolf Hitler, Mein Kampf)

366

”Let them be aware in Washington, Moscow, Damascus and China that if one of our ambassadors is shot, or even a consul or the most junior embassy official, we might start World War Three just like that!”

(From Israeli author Amoz Oz, December 17, 1982 interview with Ariel Sharon (Scheinerman), whose parents were Russian Jews, printed in the Israeli daily Davar. Like so many inconvenient revelations, it has been alleged to be false, or at least misattributed, but the article's physical description of him as a formerly blond, scarred smoker—later just a bladder of lard—seems to fit.)

368

“This country exists as the fulfillment of a promise made by God Himself. It would be ridiculous to ask it to account for its legitimacy.” (Golda Meir in *Le Monde*, October 15, 1971) “Israel may have the right to put others on trial, but certainly no one has the right to put the Jewish people and the State of Israel on trial.” (Ariel Sharon, March 25, 2001, BBC News online)

382

Just as political opposition today is for the most part “controlled opposition,” there is no credible opposition in parliament in Germany, just as there is none in the U.S., Britain and other so-called Democracies. In each, to give the voter the illusion of choice, a duopoly exists, but these parties' respective policies have been contrived to be almost indistinguishable—at least in practice, after election—and one or other always dominates national politics. The imposition of previously vetted (e.g. Bilderberger) puppet leaders has become increasingly obvious. In keeping with the ever-deteriorating quality of life and to match the ever-increasing apathy of citizens, ever more disreputable and second-rate politicians are being foisted on us. Compare Obama to Kennedy, Cameron to Macmillan, Merkel to Adenauer, Hollande to de Gaulle. In Germany, as in the U.S., obedient politicians who have proved their worth are automatically reinstated at elections, whereas the main opposition candidate is chosen to be a loss-leader (“an item is offered for sale at a reduced price and is intended to ‘lead’ to the subsequent sale of other items”—Wikipedia), or simply unelectable. Every four years or so, when incumbents must be replaced, or have fallen into disfavor, the pack is shuffled and some plausible, but pre-selected nonentity pops to the surface, perhaps the scion of a so-called “dynasty” in the U.S., like a Bush. Before the present incumbent made the grade, it was uncertain whether the American electorate would be tried with a woman or a black person first. It turned out that the woman was then a step too far.

387

Sweden is abolishing cash completely. Neither coins nor notes will be dispensed nor accepted. Even bus drivers will not accept cash anymore. In Italy, cash transactions of more than 1,000 Euros have already been forbidden. In Greece, the limit is 1,500 Euros, in Spain, 2,500 Euros and in France, 3,000 Euros. In German commerce, the number of credit card readers will be raised from currently 35,000 to 300,000. In the U.S.A., the motherland of the largest credit card companies (Visa, MasterCard, Diners, etc.), no more \$100 notes will be printed. Former Finance Minister and Obama adviser Larry Summers challenges Europe to abolish cash. And for the vice-president of the European Central Bank (ECB) this is in any case “worth a discussion.” (*Kronen Zeitung*, Vienna, June 1, 2014)

393

You have not begun to appreciate the real depth of our guilt. We are intruders. We are disturbers. We are subverters. We have taken your natural

world, your ideals, your destiny, and played havoc with them. We have been at the bottom not merely of the latest great war but of nearly all your wars, not only of the Russian but of every other major revolution in your history. We have brought discord and confusion and frustration into your personal and public life. We are still doing it. No one can tell how long we shall go on doing it. Who knows what great and glorious destiny might have been yours had we left you alone? We did it solely with the irresistible might of our spirit, with ideas and propaganda. ("A Real Case against the Jews," by Jewish writer and Rothschild biographer Marcus Eli Ravage, Century Magazine, Vol. 115, No. 3, January 1928, pp. 346-350)

Not quite. They did it with deceit, extorted money and stealthy debt; with usury-Capitalism and terroristic Communism. However, this quote makes the vital point that is at the root of my book: how would the world look today, if Jews had not interfered in its development?

397

In sum, from birth, humankind has two adversaries, an internal and an external one. The internal one consists of our weaknesses, arguably, those qualities that make us human. The external one consists of those who prey on these weaknesses: Jews. They prey on our benevolence and on our desires. They can do this with detachment because they have, by their own volition, and their own devolution, removed themselves from humanity.
